# Capital Market Day 2023 Lead the future

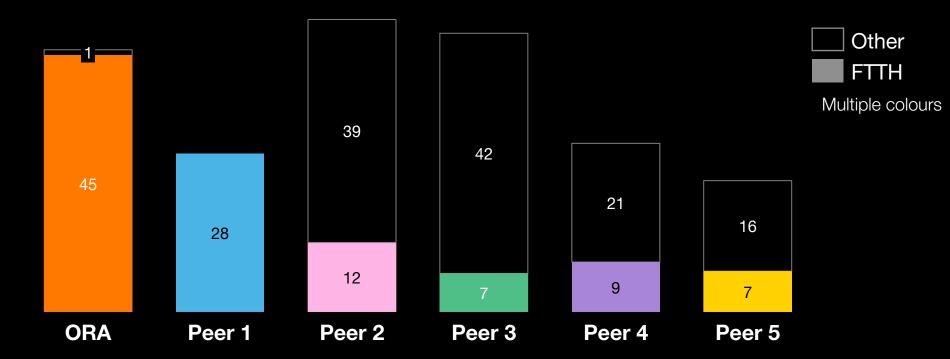

### Disclaimer

This presentation contains forward-looking statements about Orange's financial situation, results of operations and strategy. Although we believe these statements are based on reasonable assumptions, they are subject to numerous risks and uncertainties, including matters not yet known to us or not currently considered material by us, and there can be no assurance that anticipated events will occur or that the objectives set out will actually be achieved. More detailed information on the potential risks that could affect our financial results is included in the Universal Registration Document filed on 31 March 2022 with the French Financial Markets Authority (AMF) and in the annual report on Form 20-F filed on 1 April 2022 with the U.S. Securities and Exchange Commission. Forward-looking statements speak only as of the date they are made. Other than as required by law, Orange does not undertake any obligation to update them in light of new information or future developments.

#### VHBB deployment as at end Q3 2022, in million lines

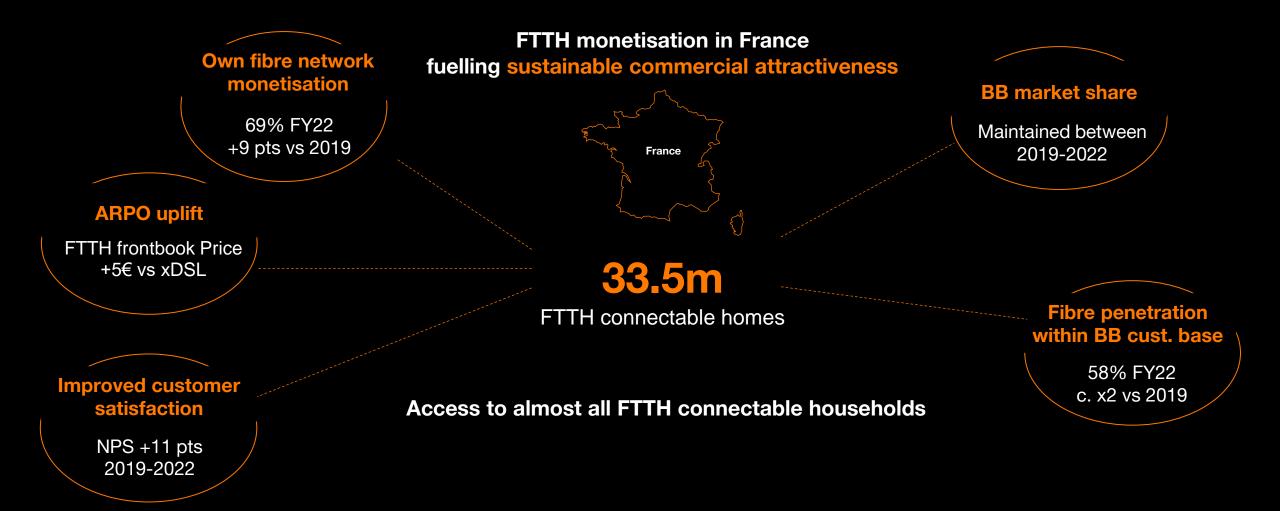

**France FTTH roll-out nearly completed...** 99% coverage with VHBB solutions\*
